

TO OUR CUSTOMERS

Following this page, we have included a general reference chart covering the performance range of pump sizes we manufacture at FPI.

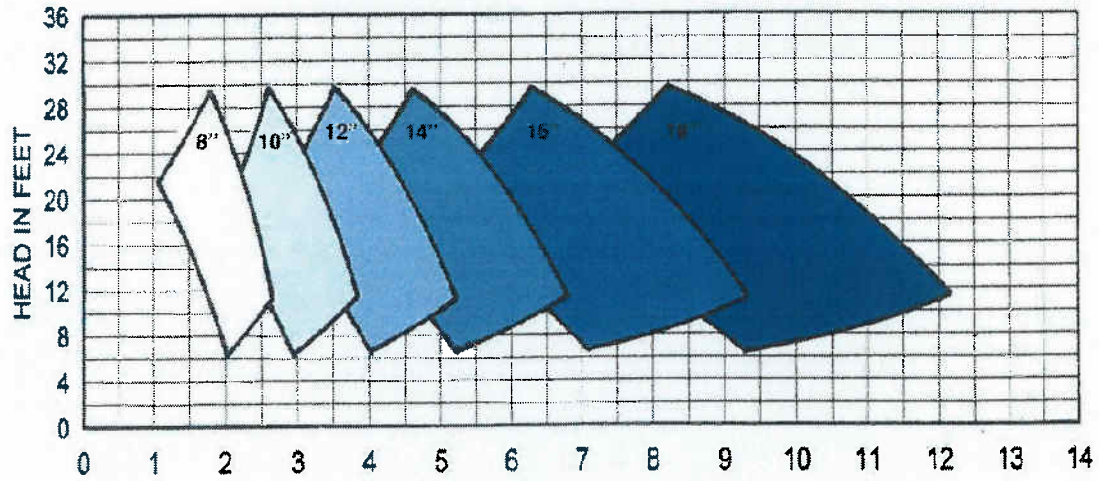

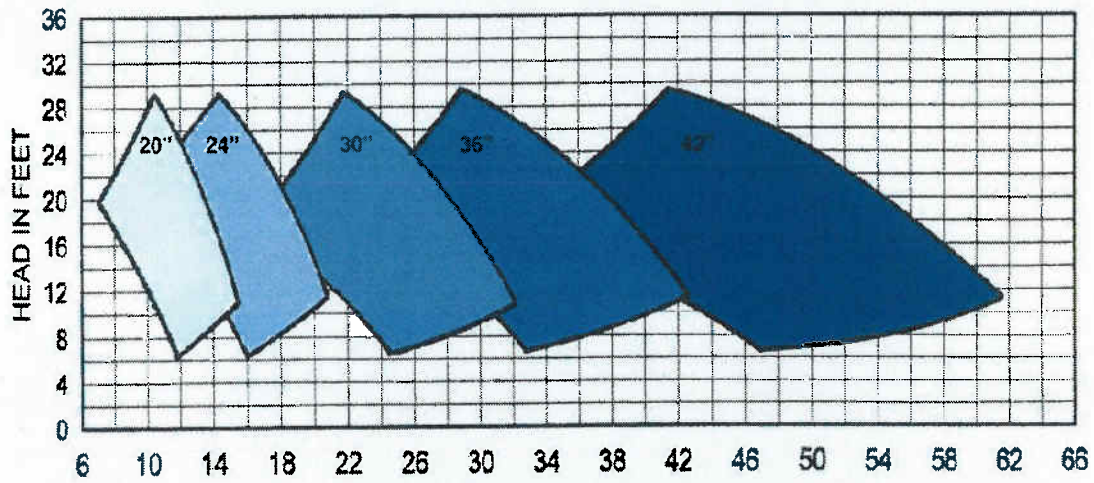

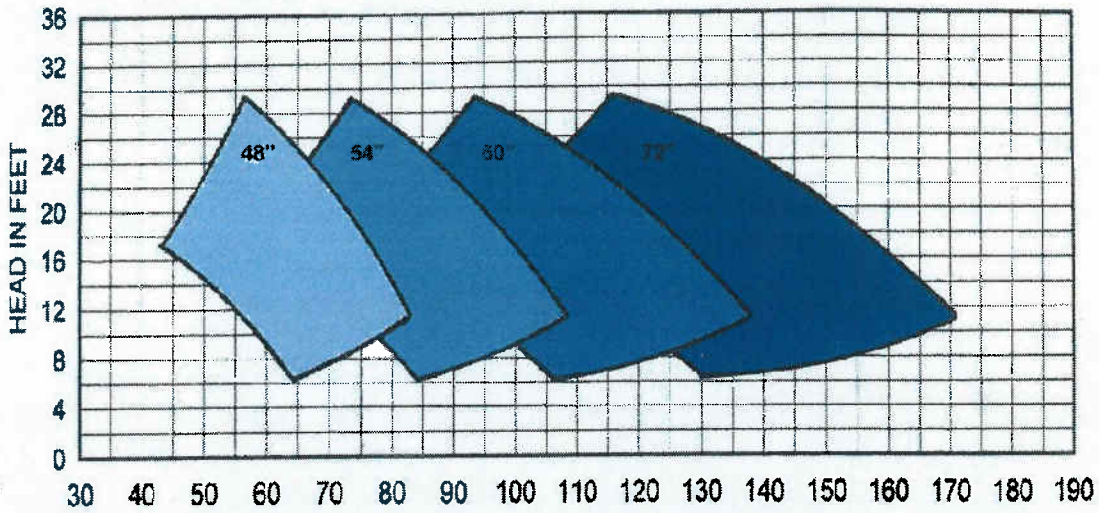

This multi-pump curve is presented to give our customers direction in pump selection upon review in our Axial and Mixed Flow Pump curve selections.

For the Drive systems- Diesel Engine, Right Angle Gear drive and Electric Motor information being considered, we refer you to the Associated Products section of our catalog.

Our sales Engineers are available to assist you in crafting your requirements.
